730S

Recline in the deep contours of the 730S and experience all that the revolutionary new Crossover Collection Spa has to offer. This 6-7 person all-seat hot tub has 30 adjustable jets that target shoulders, back muscles and feet for a massaging hydrotherapy experience. Enjoy the Everlast Trueform pillow headrests to enhance your relaxation. For entertaining or unwinding, the Fountain with Back-lit LED Light and 8 exterior cabinet lights allow you to set the perfect mood.

The durable, lightweight Syncrylic™ spa shell comes in six color combinations to blend beautifully into any outdoor or patio environment. Syncrylic™ is a proprietary formula designed to be lighter and more durable than standard acrylic. Syncrylic™ was created to offer the best of both worlds, having the beautiful appearance of acrylic while maintaining the tough, impact-resistant qualities of polyethylene.

Select the perfect temperature, jet speed and lighting scheme using the Proprietary Digital Controls. The spa is powered by a 3 HPR two-speed pump and plugs into a standard 120V 15amp outlet. The Weather Shield Super Seal Cover fits into a deep recessed interlock cover channel to seal in heat, keep out debris and protect your spa for peace of mind. Each spa comes with cover seal strap latch clamps for extra security. Come home to the elegant Crossover 730S, the ultimate for relaxation, entertainment and family fun.

spaTouch™

Almost all new electronic devices today have touch screen interfaces. With Balboa's spaTouch™ system, your Viking Spa can have one too! As easy to use as a smartphone or tablet, it simplifies the operation, virtually eliminating the need for any manuals. It makes it easy to set filtration cycles, reminders and is Wi-Fi compatible to enable spa control on the go.

BWA™ - control your Viking Spa with any smart device

Today we are seeing more and more smart appliances, and your Viking Spa is no different. With the Balboa Worldwide App (bwa™), your smart device (Android™ or iPhone®) will allow you to access your hot tub via a direct connection anywhere in the local proximity of your tub; anywhere in your house that you can connect to your local WiFi network; or anywhere in the world you have an internet connection to your smart device via 3G, 4G LTE, or WiFi hotspots. Visit the [bwa page](#) for more information on this convenient option.

Bluetooth Audio

With Quadraphonic sound, the BTB Audio System offers an amazing sound at an affordable price. Simple Bluetooth connectivity to play your favorite music straight from your phone or music player. Audio features include four marine grade surround sound speakers and a Bluetooth pairing button connection.

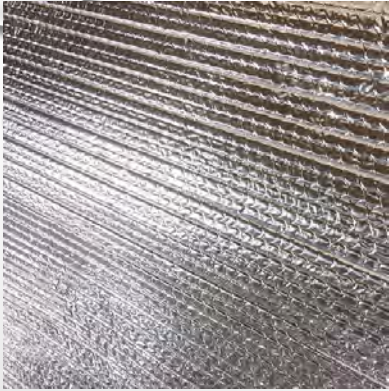

spaTouch™ Premium Audio

This gives you all the great features of Bluetooth, but will allow you to control your device right from the panel on your spa without endangering your device near water. Additionally, playlist, artist & song title information appears on the spa panel for complete audio control right at your fingertips.

Viking ARCTIC Package

\$499

TempShield®

Our TempShield® Reflective Insulation provides premium heat retention for your spa. This lightweight insulation reflects up to 95% of radiant energy back into the spa providing effective insulation and heat loss prevention.

Foam Board

The Foam board insulation option prevents air flow through the cabinet. This enhanced insulation helps reduce the heat loss, and as an added bonus, provides great sound reduction of the equipment in your spa.

These two insulation options can be combined to create a highly efficient insulation package. Not only will it help your spa operate at maximum efficiency, it will aid in lowering energy costs in the coldest of winters.

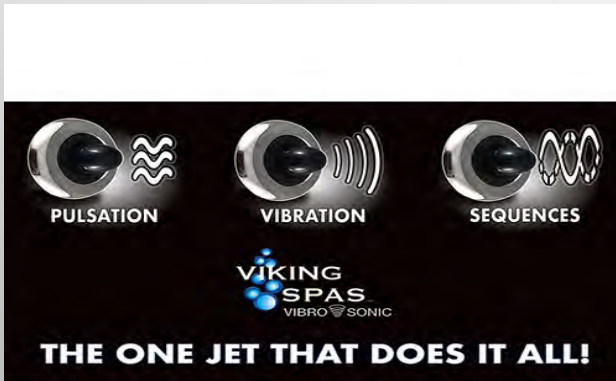

Viking THERAPY Package

\$1099

Air X

A completely new soft tissue hot tub therapy experience. Air X infuses the soft feel of air and water. Utilizing Airnetic engineering, Air X multiplies the air output for a jet stream that is both soft and powerful. By combining two flow patterns with stimulating reflexology, sore muscles and tired joints are soothed and rejuvenated.

Vibro Sonic

These unique Vibrating jets provide a “shiatsu” massage you just can’t find in any other spa. Depending on your needs, the massage can be totally personalized to be soft and gentle to relax you or more vigorous and penetrating to relieve nagging muscle pain.

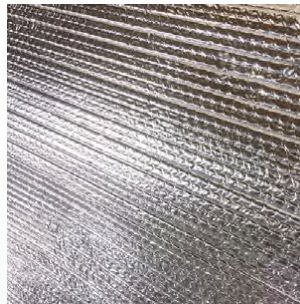

Available in a four jet option this amazing jet system provides: three unique choices that offer a wide variety of massage; various levels of intensity; and the speed of how the jets interact with your different muscle groups.
